Around a festive board, which fairly groaned with everything good from terrapin to strawberries, the surviving veterans made music with the knife and fork for an hour or two, keeping up the reputation for appetites acquired when scouse, salt pork, hard tack, and beans composed the bill of fare in days long agone. Howard University. The graduation exercises of the preAMUSEMENTS.

There was a highly appreciative audi-

ence at Masonic Temple last evening on the occasion of the testimonial to Mr. E. J. Whipple. Although there was some curtailment of the programme on account of the absence of Mr. H. C. Pearson, the entertainment was greatly enjoyed. Mr. Whipple himself sang three numbers, in each of which he was encored, and on one he received the compliment of a double encore. His full, rich baritone was never heard to better advantage than in the selections he gave last night, and the stirring songs, "The King's Highway," "The Bugler," "If I Were a Knight of the Olden Time," were rendered with a spirit and fire that were thoroughly appreciated. Miss Minnie Ewan proved her popularity by the enthusiastic reception that was accorded her. Her selections were "Che Gioja," by Walter, and the "Angels' Serenade," by Braga, both of which were encored. Professor Joseph Kaspar's violin solo exhibited his mastery of that king of instruments, and his obligate to the " Angels' Serenade" was played with exquisite taste and expression. Miss Hattie A. Whiting made her first appearance as a soloist, and displayed a contralto voice of good range, power, and sweetness. Mr. C. W. Hancock, a well-known basso, sang "The Diver," and as an encore "The Owl," most effectively. The cornet solo of Protessor J. A. Joyce was most acceptably rendered. The accompanists were Miss Carrie Bender and Professor S. H. Jecko, both of whom performed their tasks most skillfully. THE GEORGIA MINSTRELS.

The Georgia Minstrels will close their engagement with to-day's performances. The matinee should not be forgotten. The entertainment furnished by this troop is of a most amusing delovers of minstrelsy.

The second allegation is based upon the well-established fact that, with rare exceptions, the gentlemen on the school-board representing the colored school interest are not in any sense the choice of the colored people, and when remonstrated with in making one highly objectionable appointment Commissioner Dent replied that the individual in question was needed by the 'white' members of the school board. The wisdom and justice in keeping separate the school fund has substantial proof in the large and beautiful school buildings in Washington for colored children, the equity of which no citizen has ever dissented from. THE CLASSICAL SOCIETY.

Studio-A Brilliant Assembly.

In the election held in Alexandria County, Virginia, on Thursday, a number of voters, citizens of that county holding positions under the United States Government, and temporarily residing in Washington, went to Virginia to exercise their rights as voters and take part in the election Their votes were refused by certain judges of the election, who sustained the challenges upon the ground of non-residence. Steps have been taken to collect the necessary testimony, and suits will shortly be instituted under the sections of the law bearing upon this subject, with the damages laid at \$2,000 in each case. It is claimed that in refusing to allow these citizens of Alexandria County to sweer in their votes the judges of election arbitrarily deprived these voters of the rights guaranteed to them by the constitu tion of the State and the statutes of the United States, and rendered themselves liable to the penalties and pains attaching thereto. This question has already been passed upon by the United States Supreme Court, which sustained the right of any
